ISOLARA Private Journeys

Your coastal journey brief

Five nights · Two travelers · Local food

Choose one dinner together before planning the rest of the stay.

Day 1

Settle into the villa

Meet your driver on arrival and follow the coastal road to the villa. Unpack, step onto the terrace and keep supper close to home.

Day 2

Make lunch the outing

Follow the coastal road to the harbor and take a waterfront table for lunch. Ask what the kitchen is cooking that day and leave the afternoon free.

Day 3

Keep a day at the villa

Have breakfast outside and leave the car parked. Take a book down to the terrace and decide on lunch when you get hungry.

Day 4

Shop for supper

Visit a produce market in the morning for ripe fruit, bread and something to share. Set everything out on the villa terrace for an early supper.

Day 5

Save the evening for dinner

Keep the morning free. In the evening, stop above the bay for the sunset before heading to dinner.

Day 6

One last morning by the sea

Plan breakfast around your departure time. If you have a later flight, take one last dip before your driver arrives.
